

Wait...how could MATH be FUN??

FIND OUT!!

MATH EXPLORATION DAY

For students who already love math, and *especially* for students who don't yet know they love what math actually is.

Included:

Exploring ideas

Recognizing patterns

Working w/ peers

Deriving concepts

Open-ended questions

Multiple ways to solve

Make your own questions

Not included:

Rote calculations

Regurgitating facts

“You know it or you don't”

Memorizing formulas

“It's right or wrong.”

“Must do it this way”

“Do #1-87 odd”

One day only: **Saturday 5/10/25** (notice the common factor?)

8:30am-10:45am K-2nd grades **1:30-3:45pm** 6th-8th grades

11:00am-1:15pm 3rd-5th grades **4:00-6:15pm** 9th-12th grades

----- Includes a snack. Parents may drop off, or attend for no additional fee. -----

Directed & facilitated by **Phil Grizzard** (pictured above—the one in the blue shirt)

•Mathematics Ph.D. •Education certified •Professional Math Tutor since 2010

Location: Agape House, **300 Normal Ave**, Normal

(@Normal & Locust, across from the ISU Bone Student Center parking lot)

Revolutionize your child's perception of mathematics.

\$50/student registered by 4/25

\$60/student registered 4/26 or later
